

## Minnesota Gynecology & Aesthetics

Jane Smith, M.D. / Susan Blake, M.D. / George Conley, M.D., F.A.C.S.

**T**his is not your mother's gynecologist. Minnesota Gynecology & Aesthetics is an innovative clinic that focuses on the unique healthcare needs of mature women - beyond childbirth. We offer comprehensive gynecology services combined with aesthetic laser skin treatments and vaginal rejuvenation procedures to restore your health, youthful appearance, and vitality. Our services include annual exams, bio-identical hormone analysis, outpatient treatment of menstrual bleeding disorders, incontinence management, in-office permanent birth control procedures, and anti-aging laser treatments. Our mission is to provide you with the knowledge you need, choices and alternatives you want- for beautiful, natural looking results!

Vaginal rejuvenation is a one-hour outpatient procedure that can correct vaginal relaxation. Results of the surgery typically include improved bladder control and/or enhanced sexual gratification. Other services include G-spot augmentation, a revolutionary new procedure that may heighten and intensify a woman's intimate experience. Board certified gynecologists, Dr. Lisa Ohman Erhard and Dr. Stacy Noyes have the skills, compassion and expertise to make a real difference in women's lives. "At MNGA, we treat you as a whole woman. Health, beauty, intimacy- they are all connected." - Lisa Ohman Erhard MD, Founder and Medical Director.

1421 E Wayzata Blvd, Suite 200, Wayzata, MN 55391
